Description

Bali 5.4 available NOW

The **Bali 5.4** redefines the concept of luxury and functionality in recreational catamarans, offering innovative features and spacious areas typical of larger vessels. This model is ideal for those looking to enjoy long journeys or moments of relaxation with complete comfort and autonomy.

Configuration:

- **Cabins:** 6 double cabins, each with its own private bathroom, designed to maximize the privacy and comfort of all passengers.
- **Capacity:** Perfect for large groups, combining luxury and practicality in every detail.

Highlighted innovations:

- **Dimensional forward cockpit:** This unique space is directly connected to the salon, improving circulation on board and creating an open and connected atmosphere.
- **Seamless design:** The salon, kitchen, and aft cockpit are integrated on a single level, providing an unprecedented sense of spaciousness.

Leisure spaces:

- **Panoramic flybridge:** This extraordinary area offers 360° views, space to relax with sun loungers, and an ideal setup for enjoying time outdoors.
- **Social areas:** The salon table accommodates up to 12 people, creating the perfect atmosphere for group dinners or gatherings.

Comfort:

- **Innovative design:** Integral deck without trampoline, a distinctive feature of the Bali range, maximizing usable space.
- **Folding door:** Connects the salon and cockpit, eliminating barriers for a completely open experience.
- **Efficient climate control:** Modern systems that ensure comfort in all weather conditions.

Autonomy and functionality:

- **Energy autonomy:** Systems designed to provide independence on long journeys, reducing the need for frequent refueling.
- **Easy maneuverability:** Designed to be operated with a small crew, ideal for those who value practicality and efficiency.

The **Bali 5.4** is the perfect choice for those seeking a combination of innovation, luxury, and functionality, with the guarantee of a unique nautical experience. **Contact us for more information or to arrange a visit and see it in person!**

New Bali 5.4 Open Space

INCOMPARABLE BECAUSE IT'S UNIQUE !!

Designed by Olivier Poncin and Catana's R&D department, the BALI 5.4 Open Space is characterized by very ergonomic living spaces which are entirely free of bulkheads.

In addition to the recognized innovations such as the rigid forward cockpit with lounge area and sunbathing area; the new platform linking the two sugar-scoops with large bench seat and lockers; the large tilt-and-turn door and sliding windows; and a panoramic relaxation area on the coachroof, the BALI 5.4 offers new access to the forward cockpit by and interior door and cabins by panels opening onto the aft cockpit.

And of course, the safety and performance you would expect from CATANA design !!

Dimensions

Length: 16.80m

Beam: 8.74m

Draft: 1.48m

Engines

Upgrade engines: 2 x 80 HP

Accommodations

6 doubles cabins / 6 heads version + 2 crew cabins
